Past performance is not a reliable indicator of future performance. Returns over 12 months are annualised. Exchange rate movements may cause the value of investments to fall as well as rise.

Please refer to www.Schroders.com.au for post-tax returns.

Some performance differences between the fund and the benchmark may arise as the benchmark returns are not adjusted for non-dealing days of the fund.

Past Performance is not a guide to future performance and may not be repeated.

The value of investments and the income from them may go down as well as up and investors may not get back the amounts originally invested. Exchange rate changes may cause the value of any overseas investments to rise or fall.

The chart is for illustrative purposes only and does not reflect an actual return on any investment.

Returns are calculated NAV to NAV (which means performance does not include the effect of any initial charges), net income reinvested, net of fees.
